

CYBERSECURITY BINGO FOR KIDS!

GRADES K-12

Review privacy settings on your devices with your parent(s) or legal guardian

Restart your devices to ensure security updates have been fully installed

Discuss with your parent(s) or legal guardian what they are and are not comfortable with you sharing online

Research how to create strong passwords and update any reused passwords

Set your social media accounts to private

Talk with your parent(s) or legal guardian about whom you are and are not allowed to communicate with online

Hold a family "Tech Talk" to discuss how each family member can protect their devices, accounts, and personal information

Watch a YouTube video about Phishing

For entry form, rules, and additional Bingo cards visit www.custominternet.biz/bingo.
